

Blessings Silent Knights,

In this Holy time of the year we pause and remember His triumph over death and pray for our own forgiveness and salvation. I pray you are all surrounded by those you love in this blessed season.

Silent Knights continue to make a difference and remain in contact with us concerning expansion of the program in their areas or ordering more books, cards and pins. Lately, we have received emails and orders from California to the Republic of Georgia on the Black Sea. My ability to keep up with all the correspondence has been affected by an overseas job I have been employed in for the past year and a half. Mo has been awesome trying to keep up with our home, furry critters, a business of her own, and Silent Knight. She is the backbone to this inspirational charitable effort. We love the emails we continue to receive from Silent Knights that have been engaged in this effort for years and from the new people just beginning on this amazing adventure.

In many cases Silent Knights have created their own network of Silent Knights in their area or priory. We pray for your success and continued anonymous efforts to meet the needs of others. Stories shared with us always encourage us to continue in this quiet effort.

God bless all of you this Easter 2012 in His Name.
